# 1934 PRICE LIST

Bulbs are guaranteed to be true to name and in good healthy growing condition when sent out. Anything proving otherwise will be cheerfully replaced.

Orders are booked and filled in rotation. Shipments starting April 25 and each day thereafter.

Early orders are solicited, for then the stock is complete. Later, some varieties may be sold out and rather than disappoint you, I will substitute another of better or equally as good value, unless you state otherwise.

I grow many varieties, in small quantities, that are not listed of which I might spare a few bulbs, so if interested in anything not found here, please write as I may have what you want.

An invitation is extended to you to visit the gardens in bloom, in September and October, when dahlias are at their best. This is a fine way to see what you want.

I take pleasure in thanking all my customers for past patronage and solicit my share of your future trade.

## FREE BULBS FOR EARLY ORDERS

All who order from this list, up to March 1, may select 33 $\frac{1}{3}$ % in any bulbs to the value of your order, absolutely free. To those who order from this list before April 1, add 25% in any bulbs, free, to your order.

## TERMS

Cash with the order and minimum orders \$1, postpaid.
